Themes	<ul style="list-style-type: none"> ✓ SDGs <p>The Fund has a sustainable objective as it invests in companies which (i) contribute to a social objective, (ii) do not significantly harm any environmental or social objectives and its investee companies follow good governance practices. The investment objective of the Fund is to provide exposure to the global healthcare technology industry. The Fund is passively managed and pursues its investment objective by seeking to track the performance of the Index. The Index differs from a broad market index as it seeks to provide exposure to companies which are actively engaged in the healthcare technology value-chain which seek to contribute to increased efficiency and effectiveness in healthcare and promote advancements and innovation in the healthcare industry. Further information on the Index can be found in the "Index Description" section below, and at http://roboglobal.com/eu-index.</p>
