Rationale behind classification according to SFDR	<p>Article 8</p> <p>Article 8 funds include selection criteria based on the SPICE rating and specific criteria according to the philosophy of each fund. These are mainly multi-thematic funds with SRI labels, with high minimum levels of sustainable investment of 50% or 70%. Sycomore Sélection Responsable promotes environmental and social characteristics and will have a minimum of 70% sustainable investments with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU taxonomy or sustainable investments with a social objective.</p>
